A Universe of Leaves by Andrea DeAngelis

I spy a universe of leaves
what is under the ice in me?

Conversation suspended still
no more warmth to break the chill.

Autumn partially thawed
will never exist again
for you were right.

We construct
and deconstruct
our constellations of hate.

Until the maps of them
are plain
against our broken skin.

Andrea DeAngelis, New York, USA

Please note: Bolts of Silk
iclosed to submissions in
2014 i

Thanks to all the poets and
readers who helped to make
Bolts of Silk a lovely poetry
journal to edit over the years.

This site will remain up as an
archive.

Bolts of Silk was edited by

Juliet Wilson

Truly deep in the introspection...these words.

Ciao! Jacopo
